

#POWEROFWOMEN

## How to make

## Swap

*A great way to connect with others and meet new friends*

*Requirements: (the following should all fit somewhere on your swap)*

*Size: 4" w x 6" H*

*ID: Woman of Power (Your Full Name), City & State*

*Photo: Your picture should be somewhere on your swap*

*Contact Info: Any or all of your social media handles: (It should all fit somewhere on your Swap)*

*Email Twitter YouTube*

*Instagram Pinterest Tumblr*

*Skype Facebook*

*Attachment: Safety pin (make sure all your swaps have safety pins attached)*

*Quantity: 100 – 150 (Trust me! You don't want to run out)*

*Material: You can make it out of any item you want as long as it has some firmness to it (it should stand up to being traded and pinned on materials). The swap can reference your cause or represent your personality; it's all up to you as long as it fits the requirements above. You don't need to spend tons of money on materials. Swaps are supposed to be little handmade items, not professional-quality souvenirs. It's okay if your swaps are made less-than-perfect the idea is to make a friend and trade your swaps to have something to remember each other by.*

*Suggested materials: (cardstock, manila folders, index cards, popsicle sticks, construction paper, pipe cleaner, yarn, fabric, felt, beads, tags, labels, etc. etc. Don't use regular paper it will not hold up to the constant handling when trading and wearing)*

## That's it!
